## The Lower-Price Fashion Store

Inaugurates the First Full Saturday By Offering

Large Collections of New Fall Dresses, Suits, Blouses and Millinery at Low Prices

Among Them Some Special Early-Season Opportunities

Tomorrow, Saturday, women, girls and young women will find on this one floor—the Subway floor—an early comprehensive representation of the Fall season's latest fashions. Suits, dresses, blouses, millinery—boys' and children's clothing, too—were all specially selected for their correctness in style and dependable Wanamaker quality. Being offered by the Wanamaker Lower-Price Fashion Store is proof enough of their moderateness of price.

Some Unexpectedly Early Opportunities

also await those who come to the Subway floor tomorrow to see this large advance showing of Fall fashions.
